RE: Hanlin-Allied Site
Moundsville, WV

Dear Ms. Armstrong:

As I mentioned to you in my letter of August 5, we have been awaiting receipt from Hanlin of certain studies responsive to the Section 104 request. They have now arrived, and we will be forwarding them to you as soon as we can have copies prepared. Since the report contains some oversize papers, we may have to send them out for duplication, which could add a few days to the process. Please call me if you have any questions.

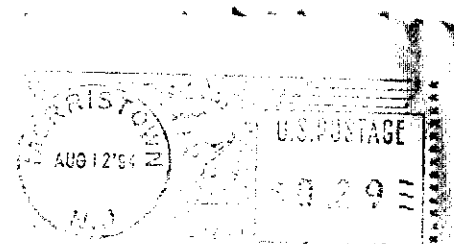

Very truly yours,

David P. Cooke
Assistant General Counsel
